

North West Marine

Marine & leisure solution

About us

North West Marine Equipment Trading LLC was established in 2005 to support the growing demand for marine equipment and marine services within the United Arab Emirates and Middle East Region. The company's establishment was based on 30 years of experience in the marine industry, marine consultancy and other marine related development projects. Since this time, North West Marine has continued to grow and develop its operations to provide a wider more complete service offering and continues to seek strategic partnerships to continue this growth. We also deliver innovative solutions and technical excellence throughout the United Arab Emirates, providing cost effective and time efficient services for environmental clean-up, repair and maintenance of boats, marina maintenance and installation, boat upholstery and marine consultancy services.
