

# Anchors

North West Marine can supply high quality anchors in a variety of types such as mushroom, Danforth, grapnel, hall, car or iron and northhill.

The cast iron and concrete sinker can be manufactured in different grades, weights and sizes based on the project requirements and specifications.

NWM can supply concrete sinker in different specifications:

**Lifting eyes:** Single or multiple, mild steel or stainless steel lifting eyes

**Compression strength:** C35, C40 or C45 based on the project requirement

**Reinforcement:** Reinforced or non-reinforced (mass concrete)

**Dimension and weight:** Customizable
